

CYB EC16 & DEX16

Elevator Control Panel & Elevator Floor Expansion Board

EC16

DEX16

EC16 is the second generation of CYB's company elevator control panel. It can support fingerprint and RFID card verification through RS485 direct connection. Each EC16 can control maximum 16 floors and can be connected up to 7 DEX16 expansion boards. Each DEX16 assists EC16 to manage up to 16 floors, therefore, the EC16 and DEX 16 can control 128 floors in total, covering most of the market demand. The multi-time schedule can set a restriction on elevator entering designated floor at different time for different users. Yet, the lift direct access function can ensure only those who are authorized to gain access right passage to the assigned floor at a designated time. Once the identity authentication of elevator passengers is successful, the elevator will dispatch the elevator passengers to their destination.

Features (GL Exclusive Feature)

Maximum 128 Floors of Elevator Control (EC16 + DEX 16)

Multiple Communication Modes: TCP/IP, USB

Direct Access to Designated Floor After Positive Verification

Advanced Data Security Standard (Communication encrypted with AES256 and TLS1.2)

Multi-credential Authentications (Fingerprint, RFID, Dynamic QR Code, and Facial Recognition[KF1100/1200])

EC16 & DEX16 are equipped with 16 dual relay outputs

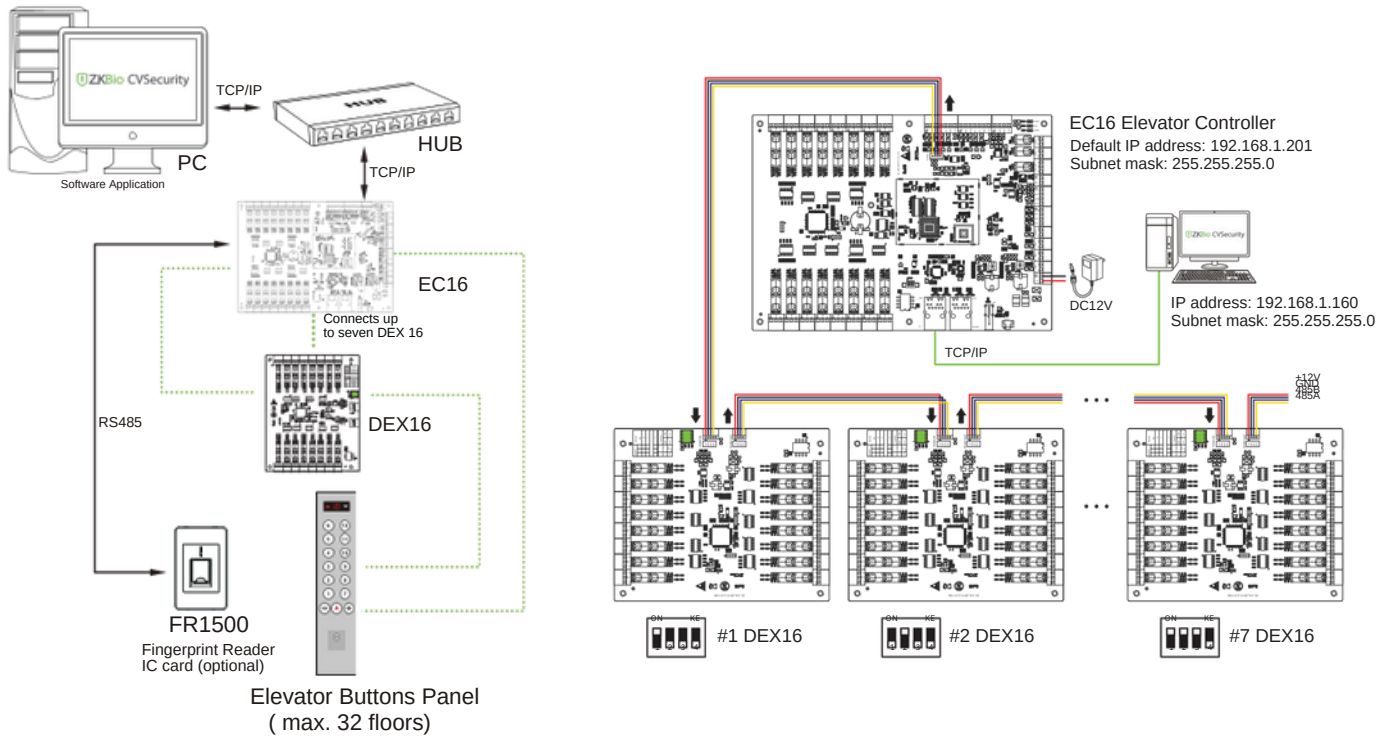

Supports Multi-time Schedule

Specifications (GL Exclusive Feature)

Model: EC16	Additional Info Dimension(L*W): 165*230mm	Model: DEX16
Capacity:	Operating Temperature: -20°C to 55°C	Floor Button Control Relay
Fingerprint: 30,000	Storage Temperature: -25°C to 65°C	16 Dual Relay
Card: 100,000	Special Functions	Number of Ports
Transactions: 200,000	Protocol: ZKTeco A & C Push	1 RS485 IN
	Supported QR Code Reader : QR500/600 SerCieosm	1 RS485 OUT
Communication	RS485 address Set by DIP switch	
TCP/IP, USB Host, Wiegand, RS485*		RS485(OSDP)
Floor Button Control Relay	Max Supported Expansion Board: 7pcs (DEX16)	Additional Info
16 Dual Relay	over RS485	Communication to EC16 : RS485
Number of Ports	Certifications	Operating Temperature :-20°C to 55°C
2 TCP/IP, 2 Wiegand (26/34/66 bits),	CE, FCC, ISO9001, ISO14001	Storage Temperature: -25°C to 65°C
1 RS485 (OSDP), 1 RS485 (expansion board)	Compatibility	Operating Humidity:10% to 90% RH
1 Open, 1 close, 1 AUX output,	ZKBio CVSecurity	Dimension(L*W):165*132mm
1 AUX in, 1 voice output(coming soon),	Power Supply	Certifications
1 LED Output(COMMRUN/PWR/GND),	DC 12V 3A	CE, FCC, ISO9001, ISO14001
1 FIRE,1 Emergency, 1 Power in,		Power Supply
1 USB 2.0 port		DC 12V 1A
